Re: Winnebago Reclamation Landfill  
Remedial Design/Remedial Action Planning Documents

Dear Mr. Schorle:

We are in receipt of U.S. EPA comments on the Winnebago Reclamation Landfill Remedial Design (RD)/Remedial Action (RA) Planning Documents. Comments were received via telefax (cover letter) on June 7 and via U.S. mail on June 8 (attachments).

The Consent Decree (Section XII, Paragraph 38) specifies that revised plans be submitted to U.S. EPA within 14 days from receipt of U.S. EPA comments "or such longer time as specified by EPA . . ." On behalf of the Settling Defendants, Warzyn requests that the revision period be extended to 30 days. This would result in submittal of revised plans to U.S. EPA no later than July 8, 1993.

Please let us know if you are agreeable to this submittal schedule at your earliest convenience. If you have any questions on the schedule please contact me at (708) 691-5115.

Sincerely,

WARZYN INC.
